SARATSO Annual Report & Score Submissions

The SARATSO Annual Report form and instructions, to be completed by county probation and state parole, was distributed to Chiefs of Probation in December 2019. The report will assist SARATSO in identifying the total number of PC 290's under supervision in each County, and under State supervision. The totals will be compared to the score submission report generated by the Department of Justice (DOJ) in order to identify gaps in score submission trends.

As a reminder, the SARATSO Annual Report form for the reporting period of January 1, 2019 through December 31, 2019 is due to SARATSO at SARATSO@cdcr.ca.gov by **May 31, 2020**. County Probation and State Parole may access the fillable form on the file sharing tab of the [SARATSO Certified Scorers portal](#), or may email [SARATSO staff](#) to receive a copy of the fillable

2019 Missing Facts of Offense Sheets

The Department of Justice (DOJ) Risk Assessment Unit (RAU) notified county probation departments of missing Facts of Offense Sheets (FOS) for the 2019 reporting period. The goal is to have all missing FOS's submitted to the RAU before statistics are completed in the summer. If your county has questions regarding missing FOS's, please submit questions to the RAU at CAHRSO@doj.ca.gov.

NEW! Proposed Timeframe for LS/CMI & Stable-2007 Score Submissions

In January 2020, the SARTSO Committee proposed decreasing the submission timeframe, for treatment providers, of LS/CMI and Stable-2007 scores from 90-120 days down to 30-60 days. There is overwhelming support from trainers, treatment providers, and key stakeholders for this change. SARATSO is currently researching the legal implications of the proposed change. Updates will be provided when available.

In Response...

CASOMB acknowledges the valuable work of treatment providers, law enforcement agencies, and polygraph examiners in the implementation of the Containment Model. The Governor issued a directive to practice social distancing and to shelter in place. Due to the COVID-19 State of Emergency, tele-therapy will be permitted as an acceptable alternative to in-person group or individual therapy sessions for Containment Model compliance. Any therapist conducting tele-therapy must comply with all HIPAA guidelines and licensing board (Board of Psychology or Board of Behavioral Sciences) requirements regarding tele-therapy. Due to the limited ability of polygraph emanations to comply with the Governor's directive for social distancing, grace periods will be granted for polygraph examinations, allowing for PCSOT polygraph exams to be postponed.
